Profile

Full Stack Web Development

Project Management

Team Leadership & Mentorship

Front-end & Back-end Technologies

Software Architecture & Design

Entrepreneurship & Business Strategy

ACHIEVEMENTS

Highly skilled **professional team** of mentors and developers over 8+ years.

Trained **50+ group** of students.

Long term partnership with **UNDP and GEF** companies

Directed and executed **200+ successful projects**, with several driving a remarkable **income increase of up to 150%** for clients.

Building on my achievements, I seamlessly integrated **hospital and insurance** agency operations,

alongside developing an end-to-end **jewelry business** encompassing manufacturing, sales, and marketing tools,

while previously accomplishing the integration of **social data for government projects and Google Maps** integration showcasing infrastructure developments and ministry-driven initiatives.
